Galeria M is a contemporary art gallery located in the heart of Wrocław, which has been operating continuously since 1997. Our main goal is to promote the work of Polish artists and a wide spectrum of visual arts overall. The extensive collection includes the works of over seventy artists. That group consists of recognized creators like Urszula Wilk and Eugeniusz Minciel, XY anka-mierzejewska, Barbara Trzybulska, Małgorzata Malwina Niespiedzana, Danka Jaworska, Mirek Antoniewicz or Stanisław and Anna Wejman. Galeria M actively participates in various art exhibitions as well as the organization of the Night of Museums.

The patience and commitment in our affairs shown by JWW employees translate to Gallery's calmness regarding tax issues. The friendly atmosphere can be felt right after crossing the doorstep, and the delivery of proper documents is a pure pleasure. A young and ambitious team supported by experienced professionals makes JWW the best accounting office in Wrocław.

An individual approach to the client and listening to his needs are the key matters in our branch. Thus, the JWW team is stood out. Our cooperation began in 2018 and I am very pleased with the choice I've made. I recommend this accounting office to anyone who appreciates the security of their business!
