As a professional and innovative medical centre, we cooperate with more than 70 specialist doctors. We also offer our individual customers a wide selection of examinations, including endoscopy, ultrasound and ECG. That is why, we need assistance of trusted specialists in regards to accounting and payroll processes.

Since the very beginning, we have been using the services of JWW Accounting Office. We have an extensive accounts plan which is closely tailored to our needs and the very character of our business. Thanks to JWW's experts we can rest assured that our business transactions are recorded in an orderly and conscientious manner, taking into account ever-changing legislation.

We are also kept abreast of new regulation amendments, which helps us to make well-informed strategic decisions. We recommend using the services of JWW Accounting Office as they provide us with the highest level of accounting and HR services.
